AMERICA IN RED INK Before the twentieth century, personal debt resided on the fringes of the American economy, the province of small-time criminals and struggling merchants. By the end of the century, however, the most profitable corporations and banks in the country lent money to millions of American debtors.

Debtor Nation | Louis Hyman

Debtor Nation provides a detailed account of how corporations, banks, and government transformed America's economy into an economy dependent and leveraged on debt. It tells an important (and often underemphasized) story about the evolution of modern credit and stresses the economic incentives that businesses and politicians faced at every step.
