Decentralization in Developing Countries: Global ...

‘Some think that decentralization has not gone “far enough” to be considered successful; others argue that it has already “failed”. As the studies of decentralization in 15 developing countries in this volume clearly show, every case is different, and persuasive generalizations are hard to find. Fortunately, the introductory chapter usefully pulls this diverse reality together to ...

Decentralization in Developing Countries

This insightful study examines the decentralization experiences from 15 countries in different regions of the world. All of these countries have actively attempted to decentralize, or continue to do so, and have faced obstacles serious enough to either derail or significantly delay their decentralization objectives.

Decentralization in developing countries : global ...

Fiscal decentralization in developing countries⁵ may give rise to particular concern in developing countries where local governments are charged with important social and economic infra- structure investments (Bird, 1994a) - an aspect stressed in this volume in the chapter on Morocco and Tunisia.

Fiscal Decentralization in Developing Countries

Rethinking decentralization in developing countries (English) Abstract. This paper draws on the growing experience with decentralization in developing countries, to explore how a wide range of variables can affect decentralization efforts, and, how policies, and incentives can be designed to improve outcomes. The paper highlights...

Rethinking decentralization in developing countries ...

Since decentralization can greatly affect economic develop- ment and poverty reduction, it is no surprise that the World Bank is actively involved with decentralization policy in many developing countries.

Rethinking Decentralization in Developing Countries

Abstract A large number of governments in developing countries have attempted to decentralize development planning and management responsibilities during the past decade. Decentralization

has taken a number of forms--deconcentration of functions within the central bureaucracy, delegation of semiautonomous or quasi-public corporations, devolution to local governments, and the transfer of functions to nongovernment organizations.

World Bank Document

The contributors to Decentralization and Local Governance in Developing Countries examine this institutional transformation from comparative and interdisciplinary perspectives, offering detailed case studies of decentralization in eight countries: Bolivia, Brazil, China, India, Indonesia, Pakistan, South Africa, and Uganda. Some of these countries witnessed an unprecedented "big bang" shift toward comprehensive political and economic decentralization: Bolivia in 1995 and Indonesia after the ...

Decentralization and Local Governance in Developing Countries

When a major goal of decentralization in developing countries is to effectively reach out to the poor (or to diffuse unrest among disadvantaged minority groups), often in remote backward areas, targeting success in poverty alleviation programs is a more important performance criterion than the efficiency of interregional resource allocation.
